

# Eve Daniels: Web Writing Samples

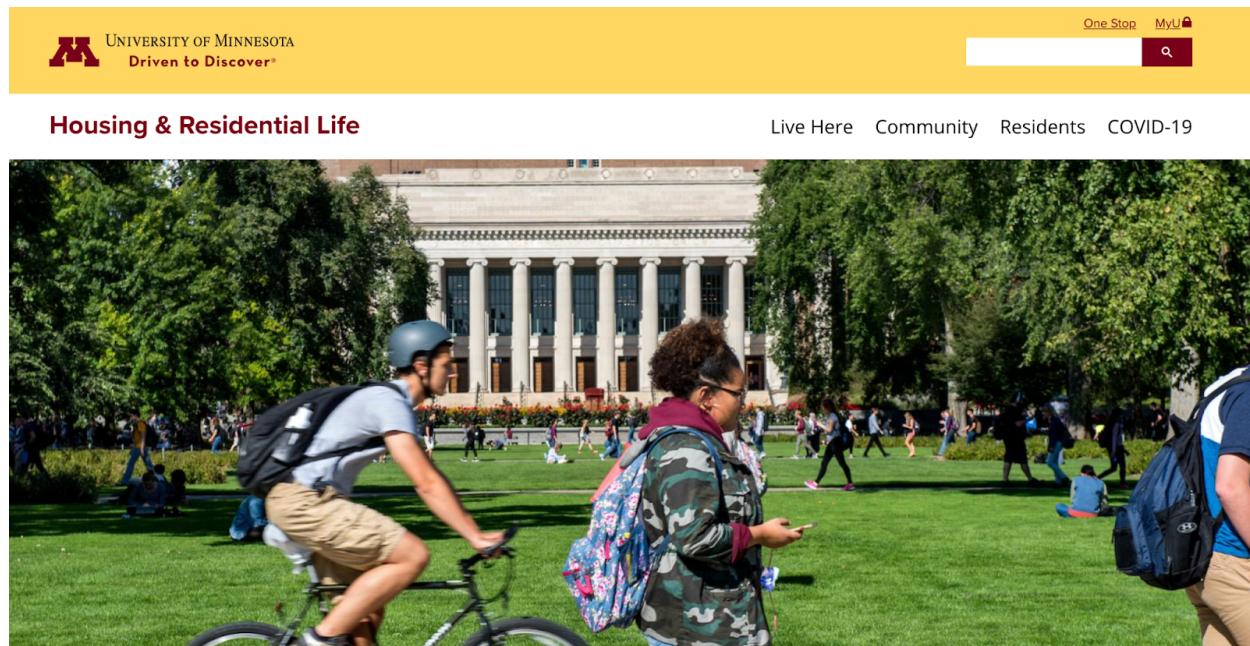

*I've contributed my writing, editing, and content strategy skills to numerous web updates and redesigns over the years.*

*Here's a small sampling...*

## Housing & Residential Life, University of Minnesota

[www.housing.umn.edu](http://www.housing.umn.edu)

Role: Wrote copy for the homepage and landing pages to help students in deciding where to live on campus.

## On-Campus Living

Statistics show students who live on campus are more likely to have better grades, stick with school, and graduate on time. Those are just some of the reasons thousands of new and returning students choose University housing to make the most of their Gopher experience.

Are you looking for a social hub in the middle of everything? A laid-back atmosphere with plenty of quiet space? Or something in between? We offer diverse housing options across campus, including nine residence halls and four apartment buildings, each with its own vibe.

## Entellus Medical Sinus Surgery Options

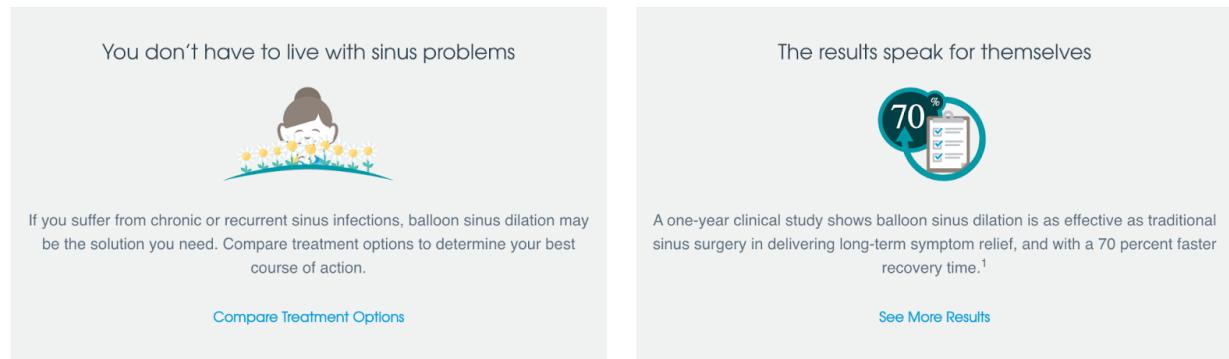

[www.sinussurgeryoptions.com](http://www.sinussurgeryoptions.com)

Role: Wrote new copy, revamped existing copy, and suggested improvements for making the overall content structure more user-friendly.

The screenshot shows the homepage of [www.sinussurgeryoptions.com](http://www.sinussurgeryoptions.com). The top navigation bar includes links for 'Check Insurance Coverage', 'FAQ', 'News & Insights', and a search bar. Below the navigation is a main content area with a teal background. The title 'Quick Self-Assessment' is at the top, followed by the instruction 'Respond to the following 10 yes/no statements for your results'. A statement 'I have persistent facial pressure and pain. (lasting 10+ days)' is displayed with a circular icon of a person looking sick. Below the icon are two buttons: 'Yes' (green) and 'No' (orange). The URL in the browser's address bar is <http://www.sinussurgeryoptions.com/quick-self-assessment>.

Sick of sinus pain and pressure? Get instant, lasting relief from sinusitis

The image contains two side-by-side callout boxes. The left box features a cartoon illustration of a woman smiling and holding a bunch of yellow flowers, with the text 'You don't have to live with sinus problems'. Below the illustration is a paragraph about balloon sinus dilation and a 'Compare Treatment Options' link. The right box features a circular icon with a clipboard and a checkmark, with the text 'The results speak for themselves'. Below the icon is a paragraph about a clinical study and a 'See More Results' link.

You don't have to live with sinus problems

If you suffer from chronic or recurrent sinus infections, balloon sinus dilation may be the solution you need. Compare treatment options to determine your best course of action.

Compare Treatment Options

The results speak for themselves

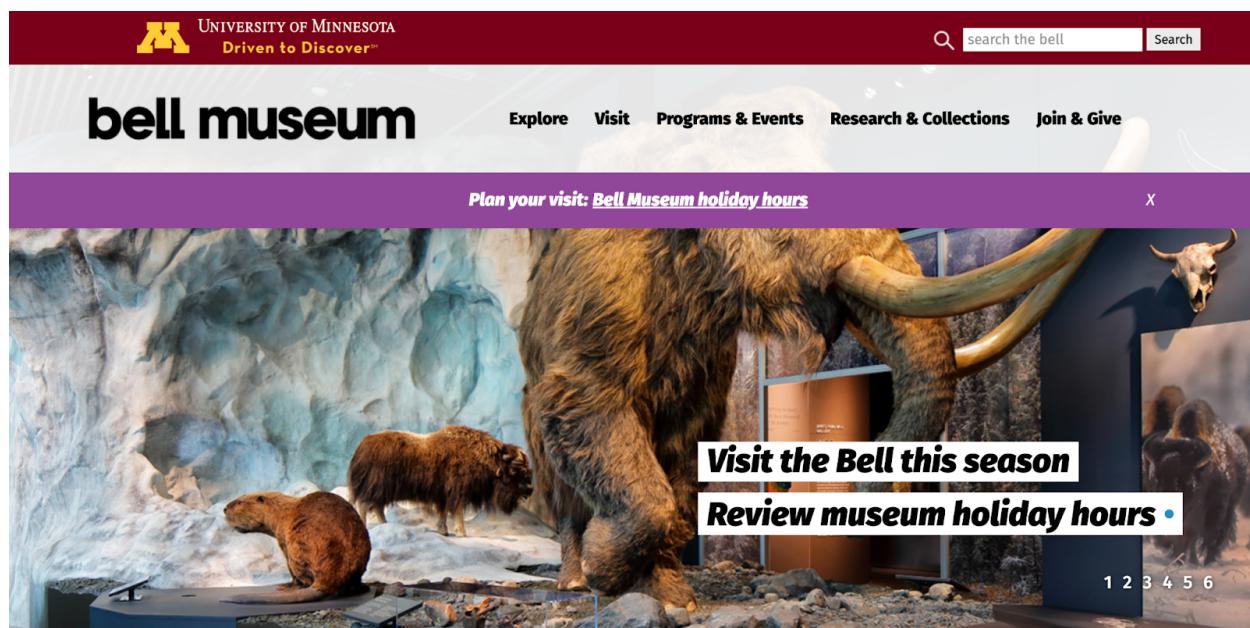

A one-year clinical study shows balloon sinus dilation is as effective as traditional sinus surgery in delivering long-term symptom relief, and with a 70 percent faster recovery time.<sup>1</sup>

## Bell Museum of Natural History

[www.bellmuseum.umn.edu](http://www.bellmuseum.umn.edu)

Role: Wrote new copy and revamped existing copy for redesigned website, in conjunction with the 2018 grand opening of the new museum.

Minnesota's official natural history museum and planetarium is now located on the University of Minnesota Twin Cities campus in Saint Paul. Take amazing journeys from the far reaches of the cosmos to deep inside the human brain in the Whitney and Elizabeth MacMillan Planetarium. Explore the origins of the universe, the diversity of life on earth, and take a walk through the state of Minnesota, featuring our world famous wildlife dioramas.

Engage all your senses in our Touch & See Lab with 10,000-year-old fossils, living plants and animals, and more. Wander outside on our green roof and observation deck, and explore the learning landscape of native plants, geology gardens, and solar station.

## School of Public Affairs, University of Colorado Denver

<https://publicaffairs.ucdenver.edu>

Role: Helped with an extensive content audit and content reorganization, wrote new copy and revamped existing copy.

Center for Education Policy Analysis

Center for Local Government

Center for Policy and Democracy

Conference on Policy Process Research

Conference Schedule

Center on Domestic Violence

Center on Network Science

Criminology and Criminal Justice Research Initiative

Wirth Chair in Sustainable Development

## Research and Impact

### Areas of Impact

When it comes to doing public affairs research, it helps to be located at one of the country's top research universities — within a progressive swing state and a diverse metro area. At the CU Denver School of Public Affairs, our faculty conduct research on crucial issues that affect the whole nation, such as criminal justice, education reform, fracking, legalized marijuana, urban sustainability and water policy.

Learn more about the impact of the School of Public Affairs community on the areas below, and [view our faculty bios](#) for more information on their specific areas of research.
